COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Mail Stop **Issue Fee** Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

Dear Sir:

This paper responds to the Examiner's Statement of Reasons for Allowance ("the Examiner's Statement") in the above-identified application and accompanies the issue/publication fee transmittal (part B).

In Reply to Notice of Allowability mailed July 28, 2008

REMARKS

Applicants respectfully submit that the Examiner's Statement presents only some of the

reasons for allowance of the claims, and that other reasons also exist for allowing the claims such

as, for example, those set forth more completely in the record as a whole. This interpretation is

consistent with M.P.E.P. § 1302.14, which states that any statement of reasons for allowance

"[i]s not intended to necessarily state all the reasons for allowance or all the details why claims

are allowed and should not be written to specifically or impliedly state all the reasons for

allowance are set forth." M.P.E.P. § 1302.14.

Applicants respectfully submit that the Examiner's Statement might imply that the

dependent claims are only allowable because they depend from allowed independent claims.

However, the Examiner's Statement does not discuss any of the other elements of the claimed

subject matter, in particular, those additional elements recited in the dependent claims which

may render the dependent claims independently allowable in view of the specification,

prosecution file history and/or the documents made of record, either alone or in combination.

Finally, Applicants agree with the Examiner that claims 1-27 are allowable in view of all

of the documents made of record, either alone or in combination. However, Applicants do not

necessarily agree or disagree with the Examiner's characterization of the documents made of

record, either alone or in combination, or the Examiner's characterization of recited claim

elements. In closing, Applicants respectfully reserve the right to argue the characterization of the

documents of record, either alone or in combination, to argue what is allegedly well known,

allegedly obvious or allegedly disclosed, or to argue the characterization of the recited claim

elements should that need arise in the future.

invited and encouraged to contact Applicants' representative at the below-listed telephone
